

Lauren & Friends

Adult Contemporary & Jazz

Lauren is a seasoned performer and has played over much of the southeast and Canada. Her involvement in such groups as "Black & Blue", "The Society" and "U.B.U." has helped mold her into a strong vocalist and performer. A graduate of UNCG, she is also a veteran actress, having performed in professional theater productions and commercials. Though her background comes from the theater, her roots are strongly entrenched in soul. Among her strong influences are artists such as Teena Marie, Sade, Stevie Nicks and Lisa Stansfield. She has diverse talent and can add soul and jazz to rock ballads as well. Lauren has been performing since age 4 and continues to do today what she does best, entertain an audience.
